

November 27, 2007

MEMORANDUM FOR: Management and Organization Division
Office of the Chief Financial Officer/Chief
Administrative Officer

FROM: W/OS31 - Tom Graziano

SUBJECT: Certification of NWS Instruction 10-941, Flood
Warning Systems, Dated November 29, 2005

The Hydrologic Services Division in the Office of Climate, Water, and Weather Services reviewed National Weather Service Instruction 10-941, Flood Warning Systems and certifies it requires no updating during its FY 2008 biennial review cycle.

Responsibility for the directive is currently held by:

OPR: J. Bradley, W/OS31
Certifier: T. Graziano, W/OS31
Approving Authority: J. Hoke, Acting Director, Office of Climate,
Water, and Weather Services
